OREN DEUSCHLE

PATRICIA RIPPY
SECRETARY

It has been a privilege for this old Torrance Institution to have been of service to so many families over these 33 years. Always we have endeavored to be ready on call, ready to provide just the right answer at a time when all of us become dependent upon others.

Stone and Myers always have been first in providing most modern facilities and a tasteful, friendly environment. They will keep pace with the growth of the community, ever striving to be your first thought when the time comes.
